| Gannett Company | New York Times Publishing | And many more... |

We are also members of **Christian Charities USA (CCUSA)**
and **America's Best Charities**.

Please help us to get the Gospel of Jesus Christ into correctional facilities nationwide.

The **America's Best Charities Seal of Excellence** is awarded to the members of America's Best Charities and Local America's Best Charities that have, upon rigorous independent review, been able to certify, document, and demonstrate on an annual basis that they meet the highest standards of public accountability, program effectiveness, and cost effectiveness. These standards include those required by the US Government for inclusion in the Combined Federal Campaign, probably the most exclusive fund drive in the world. Of the 1,000,000 charities operating in the United States today, it is estimated that fewer than 50,000, or 5 percent, meet or exceed these standards, and, of those, fewer than 2,000 have been awarded this Seal.
